

## **Apollo's Angels pre adoption questionnaire for potential fosterers/ adopters of Cyprus rescue dogs**

**Apollo's Angels are volunteers for the following Facebook Cyprus re homing groups, we are support groups helping Cyprus dogs find new owners and help new owners with the process of getting a dog to the UK.**

**We use our skills and experience to ensure the right dog and owner are matched, this is why we use this questionnaire and carry out a home check. If an application is successful, the adoption contract is between the new owner and the Cyprus rescue.**

<https://www.facebook.com/groups/213597912155801/?fref=ts>**

The average cost for us to bring a dog to the UK is currently working out at £790 per dog, Apollo's Angels dogs have many health checks done ahead of travelling to the UK over and above what is required for the passport to travel scheme.

All our dogs are in private kennels funded by us, the kennels are ran by a very experienced dog trainer with 25 plus years of breed experience, all dogs are fully assessed ahead of coming to the UK.

**What we do for all the dogs in our care and what is included in adoption costs**

Full blood testing (we do 4 different sets of blood tests Inc. a full blood screen)

Hip X-ray for dogs over 12 months

2 annual vaccines, Rabies vaccine

Tick and flea treatment and worming

Microchip

Neutering if age appropriate

Pet passport, pre-flight check by vets and traces to travel documentation

Flight, travel crate hire and return

**We have recently changed the adoption fee package for a dog from Cyprus to a flat fee of £575.00 this is to simplify things for all involved.**

**If a dog is already in the UK in a foster home then we have a minimum adoption fee of £375, If you can offer more this is great as then we can go onto help more dogs get to the UK but appreciate everyone's circumstances are different.**

If you are in a position to donate more than the fixed fee then we are more than grateful as we subsidise each adopted dog by around £225 and each foster do by £325, we bring an average of 10 dogs a month to the UK, totalling around £2500 a month in subsidies which we raise via our fundraising events.

If you are not able to then you can support us in other ways during and after your adoption.

You can support us in many ways. buying raffle tickets, bidding in auctions, helping with fundraising, maybe a small monthly donation, sharing posts, donating coats, collars and leads.
